

Call for Papers (Oral/Poster Presentations)

We are pleased to invite teaching faculties, research scholars and students to contribute original research papers to the upcoming National Conference on the theme **“Recent Innovations in Green Science and Technology for the Betterment of Environment”**.

We welcome submissions in the form of innovative ideas, concepts, practical experiences, and research that explore diverse perspectives, emerging trends, and practical solutions aligned with the conference theme.

Submission Guidelines:

All abstracts and full papers should be submitted to the email id: ncrwc2025@gmail.com

Abstract Submission

The abstract should be approximately 300-350 words and must summarize the main ideas, objectives, result and conclusion of the paper. It should also include 5-6 keywords relevant to the research. The abstract must clearly mention the title at the top, followed by the name of the researcher, designation, current affiliation (where they are working), email ID and contact number of the corresponding author.

Full Paper Submission

After the acceptance of abstracts, full papers must be submitted before the given deadline. The full paper should be approximately 3000-4000 words and include the title, abstract, introduction, objectives, methodology, results and findings, conclusion, and references. **The paper should be written in Times New Roman font with a font size of 12 for the main text and 14 for headings. The content should be justified, with a line spacing of 1.5 throughout the document.** The content should be comprehensive, well-structured, and aligned with the conference theme.

Presentation Guidelines

Accepted papers will be presented by the authors during the conference. The presentations will provide an opportunity for researchers to share and discuss their work with peers and experts in the field.

• Oral Presentation

Selected papers are to be presented in the form of a PowerPoint Presentation (PPT). Each participant will be allotted 10 minutes for their presentation, followed by 5 minutes for discussion/interaction.

• Poster Presentation

Participants opting for poster presentation are required to bring a poster with dimensions 3ft x 2ft (length x width). The poster should be clear, well-organized, and visually engaging for effective communication.

Publication Opportunity

Selected high-quality research papers presented at the conference will be published in the form of a book with an ISBN number.

Recent Innovations in Green Science and Technology for the Betterment of Environment

About the College

Ranchi Women's College is one of the oldest and most prestigious institutions in Jharkhand, and serves as a beacon of higher education and empowerment for women. Located in the heart of Ranchi, the capital city of Jharkhand, the college operates across two well-defined campuses:

- Arts Block
- Science, Commerce & Vocational Block

Ranchi Women's College has been a pioneer in advancing women's education across social sciences, humanities, sciences, and commerce. Recognized as a Centre of Excellence, it attracts students not only from Jharkhand but also from neighboring states like Bihar, West Bengal, and Odisha.

Continuously evolving with the demands of students and the job market, the institution offers a blend of traditional programs and cutting-edge vocational courses in emerging fields like Biotechnology, Information Technology, Management, CND, Fashion Designing and Computer Applications. The academic environment is enriched through dynamic teaching methodologies, including ICT enabled classes, discussions, seminars, tutorials, project work, workshops, and collaborations with NGOs.

About the Conference

In the face of climate change, resource depletion, and environmental degradation, this conference seeks to highlight the pivotal role of green science and technology in driving sustainable development. By fostering multidisciplinary dialogue and showcasing innovative research, the event aspires to inspire actionable strategies that contribute to a cleaner, greener, and more sustainable future for all.

The National Conference on **"Recent Innovations in Green Science and Technology for the Betterment of Environment"** aims to bring together researchers, academicians, professionals, and policymakers to explore multidisciplinary advancements in sustainable science and technology.

OBJECTIVES OF THE CONFERENCE

- To showcase recent advancements in green science and technology aimed at environmental sustainability.
- To provide a platform for interdisciplinary exchange of ideas and research findings.
- To foster collaborations between academia, industry, and government agencies for sustainable development.
- To encourage innovative approaches for tackling global environmental challenges.
- To promote awareness and adoption of eco-friendly technologies for a better environment.

THRUST AREAS

- Climate Change Mitigation and Adaptation
- Environmental Policies & Green Governance
- Natural Resource Management & Pollution Control
- Biodiversity Conservations and Restoration
- Sustainable transportation and Green Psycho Chemistry
- Green energy transition
- Carbon Sequestration and carbon Credit
- Agriculture and food sustainability
- Biotechnology for Sustainable Future / Environmental Biotechnology
- Green Business, Commerce and Sustainable Management
- Digital Innovation for Green Future
- Nanotechnology for sustainable Development

Research papers that align well with the main theme of the conference, "Recent Innovations in Science and Technology for the Betterment of Environment," are also welcome.
